FIRECHIEF® CARBON MONOXIDE ALARM

FIRECHIEF®
making the world a safer place

MODEL:
FBCA05

- Equipped with electrochemical carbon monoxide sensing technology
- Certified to EN50291-1:2018
- Modern design with large LCD screen
- 10 year sensor lifespan
- Up to 5 year battery life
- 5 year product warranty

FIRECHIEF®CARBON MONOXIDE ALARM

FIRECHIEF®
making the world a safer place

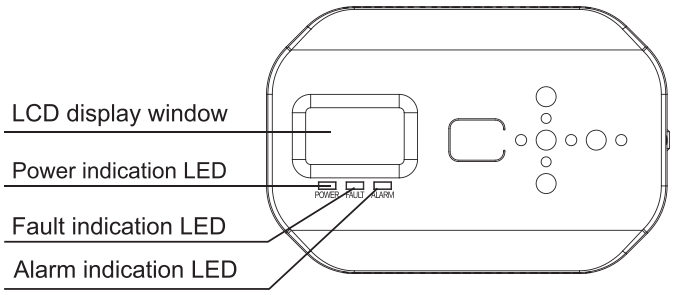

Carbon monoxide (CO) alarms are an important part of your family's home safety plan. This alarm has been designed and tested to detect CO levels in a residential environment and is specifically for home use. CO alarms monitor the air in your home and sound a loud alarm to warn you of the presence of CO.

CO is an invisible, odourless, tasteless and non-irritating gas - completely undetectable to your senses. That's why it is important to your safety that you have a CO alarm. It is NOT designed to detect smoke, fire, or any other gas.

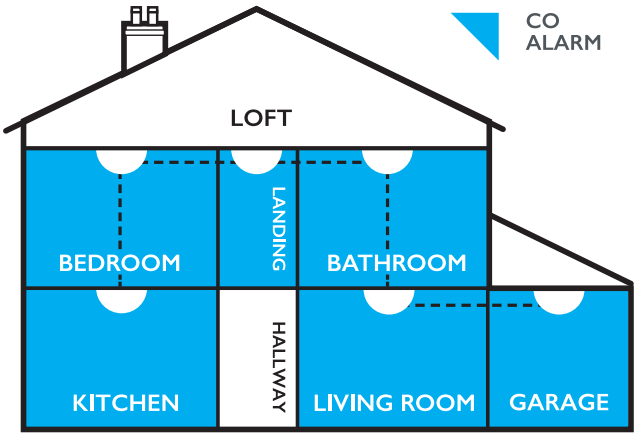

IMPORTANT: If dangerous levels of CO are detected, the alarm will sound and the red LED will flash.

IMPORTANT: Press the test button on the alarm once a week to check the alarm is working correctly.

MODEL: FBCA05

SPECIFICATION

Model	FBCA05
Product Code	117-2007
Description	Firechief® Carbon Monoxide Alarm
Power	2 x AA Type Batteries (3V DC)
Alarm Volume	>85dB at 3 metres
Hush/Silence Time	10 minutes (unless CO levels exceed 200 ppm)
Battery life	Up to 5 Years
Certification	EN50291-1:2018
Sensor	Electrochemical
Product lifespan	10 years after initial activation
Operational Ambient Condition:	Temperature: -10°C ~ 50°C; Humidity: 10-95%RH (non-condensing)
Dimensions (mm)	119(w) x 80(h) x 30(d)

Imported into EU by: Firechief® Global (EU) Ltd, 3rd Floor, 40 Mespil Road, Dublin 4, D04 C2N4, Ireland
