FIRECHIEF® SMALL ABC POWDER EXTINGUISHERS

making the world a safer place

MODEL:
FMP600
FMP800

The Firechief® 600g Powder Extinguisher is the smallest Extinguisher in the Firechief® range. It stands only 270mm high and yet still packs a punch with its 5A 21B C ratings. Suitable for class A, B and C fires, it can tackle most fires involving wood/paper, flammable liquids and electrical fires. An ideal option for the caravan or other vehicles as it's so small but still has a big impact.

The 800g Powder extinguisher is another small unit from the Firechief® range. With its 5A 34B C ratings this extinguisher can do a lot to tackle a fire in its early stages, despite being so small. Its size makes it so easy to keep by your side wherever you are – in the car, the van, the caravan or the kitchen and it is suitable for use on most fires involving wood/paper, flammable liquids and electrical fires.
