FIRECHIEF® LETTERGARD PROTECTED LETTER BOX

FIRECHIEF®
making the world a safer place

MODEL:

LGD1

Maximum protection for your premises, even when you're not there

- Fire-resistant letter box engineered to prevent arson attacks and stop fire spreading inside your building
- Integrated Pyrocloud™ solid-state suppression unit automatically activates when heat is detected, releasing an extinguishing aerosol that floods the space and puts out flames within seconds
- Suppression unit certified to EN 15276-1, ISO 15779, UL 2775 and BRL K23001 for proven performance and safety
- Secure, lockable door keeps sensitive mail and personal documents protected from prying hands
- Sleek, minimalist white finish blends seamlessly into any environment
- Heavy-duty powder-coated steel construction for long-lasting durability
- Eco-friendly fire suppression, safe for people and the planet
- Quick and simple installation over standard British letter box openings, no specialist tools required

FIRECHIEF® LETTERGARD PROTECTED LETTER BOX

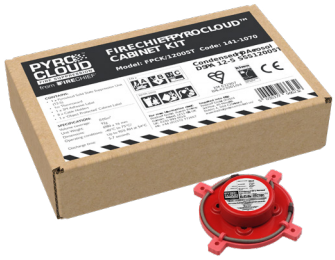

FIRECHIEF®
making the world a safer place

The Firechief® Lettergard is a fire-protected letter box that stops flames at the entry point, safeguarding your property long before a fire can take hold. Using the advanced Pyrocloud™ suppression system, it automatically detects heat and floods the space with a certified, eco-friendly extinguishing aerosol. Built strong, designed clean, and fitted with a secure lockable door, the Lettergard delivers complete confidence every time you leave the premises unattended.
