

TELESCOPIC LADDER

Folds quickly & easily for compact storage.
Simply push the buttons to close. The unit has a flange in the legs which restricts air flow and therefore gives controlled retraction to compact the unit smoothly from 3910mm extended height to 930mm closed height

i Information

**CONTROLLED
RETRACTION TO
GUARD AGAINST
TRAPPED FINGERS**

**NEW spacers allow
the unit to sit away from
the wall at the top inline
with new EN 131 regulations**

Certified to EN 131 standard

To open the unit lift from any step dependent on the height you are trying to achieve. The step can be adjusted all in one go or step by step to suit your requirements

Folds quickly & easily for compact storage
